Greatest Road Meet in McKean County Backs Primary Plan

Smethport Convention Blazes Way to Unanimity; Committee to Decide Method and Urge Recognition by State; Every Town and Borough Sends Representatives.

Pursuant to a call issued to good roads committeemen selected by the various cities and boroughs located on the primary roads of McKean county, a meeting was held at the court house, Smethport, last Friday afternoon for the purpose of devising a working plan for the completion of the primary roads.

E. A. Studholme of Smethport called the meeting to order, gave a brief outline of its purpose and stressed the necessity of unanimity concerning the plan and program which he hoped the meeting would evolve.

Following Mr. Studholme's remarks, J. W. Seltz of Port Allegany was elected president and Emil Stenger of Kane, secretary.

During a controversy with respect to methods of procedure, E. A. Studholme offered the following resolution, which on motion of T. F. Hungiville, Smethport, seconded by A. D. Burns, Bradford, was adopted:

"That the following roads: Port Allegany to Larabee; Mt. Jewett to Kasson; Farmers Valley to Ludlow, be completed before any other McKean county road is built by the state highway department."

Called upon to address the meeting, Col. A. D. Burns of Bradford, stated that he was in favor of the Mt. Jewett to Kasson road, as he believed it penetrated the densest population of McKean county, there being two boroughs of 9,200 population on its route.

Following Colonel Burns' remarks, Mr. Studholme offered a second resolution, as follows:

To group the Mt. Jewett to Kasson, and Farmers Valley to Larabee section as one project; the Larabee to Port Allegany section as one project.

Upon motion by H. W. Coleman, Eldred, the resolution was adopted.

A motion by George Burt of Roulette, that the meeting go on record in favor of two road programs, each to be worked simultaneously—one from Port Allegany to Larabee, and the uncompleted road from Larabee to Mt. Jewett, being approximately 29 miles of road, was approved by the delegates.

A. W. Peterson, Ludlow, in a statement declared that Ludlow favored completion of the Mt. Jewett to Kasson road first and that Ludlow would not ask for any road building this year on the route between Kane and Ludlow.

Moved by George Burt, Roulette, that a committee be appointed to visit Harrisburg and present the convention's wishes regarding the primary roads to the state highway commissioner. Seconded by Col. A. D. Burns, the motion was carried.

On motion it was decided that the delegates from each town represented at the meeting select a delegate to compose the committee so ordered and notify the secretary not later than Tuesday March 6, as to their selection. It also was ordered that the delegates from McKean county have the privilege of inviting persons from other counties and from other towns to accompany the delegation to Harrisburg.

Representative Max Moore, who was present, stated that he would try to arrange an appointment with the state highway commissioner to meet the McKean delegation on Tuesday, March 13; and if not agreeable to that official, to have him name the day and date.

A motion by Dr. L. A. Larson of Kane, that the meeting designate the priority road that McKean county desires to build, was amended to read: "That the committee be instructed to select and work for the road or piece of road that the state would favor constructing." The amendment carried.

County Commissioner A. J. Bond called into the meeting, stated in response to queries, that he would be very much surprised if any road building was secured from the highway department this year, but that there is a bare possibility that McKean county may secure eight miles. Mr. Bond, however promised to do everything in his power to help the proposition along.

Colonel Burns moved that when the committees from the different towns are selected that they meet in Harrisburg before visiting the state highway commissioner, elect a chairman and thresh out a program, so that they may go before the commissioner with a united committee and program. The motion carried.

The committees chosen by the towns represented follow:

Smethport—E. A. Studholme, Bradford, Col. A. D. Burns; Eldred, E. I. Marsh; Mt. Jewett, C. E. Stimmel, Ludlow, G. W. Olmstead and A. W. Peterson.

Following selection of the committee the meeting adjourned subject to the call of the president.

The delegates in attendance on the meeting were:

Port Allegany—Dr. McGranor, C. S. King, J. W. Seltz.

Bradford—Colonel Burns, H. E. Cattney, E. E. Williams.

Smethport—H. H. Redfield, E. A. Studholme, T. F. Hungiville.

Eldred—W. F. Burt, H. W. Colecrove, E. I. Marsh.

Mt. Jewett—C. A. Ross, C. E. Stimmel, A. A. Conn.

Kane—L. A. Larson, W. S. Calderwood, R. A. Hill.

Ludlow—A. W. Peterson, Emile Stenger, H. L. Ricalton.

Coudersport—M. C. Burt, J. R. Collins, Robert Lewis.

Roulette—George Burt, J. E. Clark, Louis Simar.

THREE RECORD COWS.

R. B. Turner of Ceres is the owner of three cows which to date bear the record for milk production, both from the standpoint of quantity and quality. In a test for the month of February the first cow showed a yield of 2,083 pounds of milk, 66 6-10 pounds butterfat; the second cow, 1,735 pounds of milk, 56 pounds butterfat; the third cow, 1,496 pounds of milk and 15 pounds butterfat.

When it is understood that the yield of the first cow for February amounted to almost one-half as much as the average Pennsylvania cow gives in a year, some idea of the record established may be gleaned. Her average was about 27 quarts of milk a day.

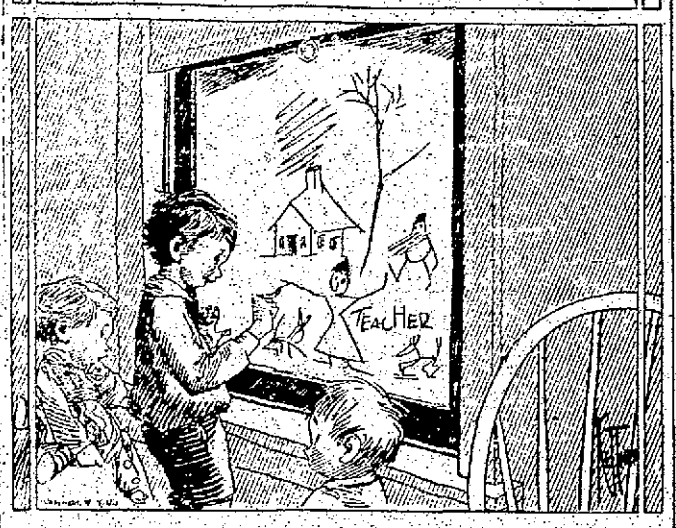
ROBINS ARRIVE EARLY.

Smethport was fairly alive with robins, Tuesday morning, following the general thaw of several days previous, and their chatter and chirps was heard on all sides. The heavy snowfall of Tuesday night and Wednesday morning, however, shut off the food supply so thoroughly that it dampened their ardor considerably. Realizing the sad condition of the real harbingers of spring, kindly disposed citizens scattered food for the birds and in a measure, at least, relieved their said plight.

Clara Kessler who attends the Emma Willard school at Troy, N. Y., and has been ill for several weeks, is much improved.

Orders taken for fresh home-made candy. Telephone 35W and 103M.

When the Frost Is on the Window



RILEY HOWSER, PLUNGES TO DEATH IN ICY STREAM LAST SATURDAY EVENING

Riley Howser, aged 64 years, farm laborer, employed on the Edward Irons farm near the golf grounds, west of town, fell into the stream which runs through the Irons farm, at 5 o'clock Saturday evening and died from the effects of a struggle and exposure four hours after his rescue had been effected.

Howser, who, because he was somewhat of an eccentric character, was well known throughout the county, had been employed by Mr. Irons since last July. He was returning to the house for the evening meal after finishing his work in the barn. While crossing a plank thrown across the little stream he slipped and plunged headlong into the waters, considerably swollen by the recent thaw, and was just on the point of drowning when Harold Irons, who witnessed the accident, rushed to the rescue and succeeded in dragging him to shore.

The unfortunate man was taken hurriedly to the Irons home, put to bed and a physician summoned. When the doctor arrived Howsler was apparently all right, but shortly thereafter he was seized with a chill, which, despite the ministrations of members of the family, resulted in death.

Realizing that Howsler had few if any relatives, the news of his demise was communicated to Superintendent Taylor of the County home, who immediately took charge of the remains. Wednesday afternoon the body was interred in the County home cemetery, after Superintendent Taylor had exhausted every effort to locate the dead man's relatives.

While Howsler was regarded as an eccentric individual, he was, nevertheless, an honest, straightforward dependable man, ever willing to work and do the very best that his limited faculties would permit.

ADDITIONAL CANDIDATES, ANNOUNCED AND RUMORED, GIVE INTEREST TO POLITICS

Politics is beginning to loom somewhat with the advent of spring. In other words, candidates and rumors of candidates for the various county offices have been afloat ever since the weather permitted the people to emerge from their homes and discuss politics as well as other subjects.

During the past week two positive announcements for office have been made, one by friends of "Art" Henry, well known oil man of Eldred, who declare that he is coming out for the nomination for sheriff, the other by no less a personage than Sheriff J. F. Robinson, who in a short time will make official mention of his candidacy for the office of county treasurer.

And with these announcements came rumors of other candidacies. It is stated on good authority that W. H. Bunce, of Kane, justice of the peace and district deputy of the order of Odd Fellows, also will seek the nomination for treasurer.

Another rumor having to do with an additional candidate for county commissioner reads, when put into cold type, that William Halpenny of Smethport, may throw his hat into the ring when the psychological moment arrives, despite the fact that that gentleman is strictly non-committal concerning his intentions.

While it is asserted that County Commissioner A. J. Bond, Joseph O'Connor and O. S. Gavagan will seek renomination, the belief prevails that Horace Redfield, William Halpenny and perhaps several other candidates may make the contest a merry one. The list to date certainly presents a formidable array of good men.

With the announcement of Sheriff J. F. Robinson's candidacy for treasurer and the rumor that W. H. Bunce is more than a probability in the same contest, the candidates for treasurer to date are: B. F. Starsky, Smethport, Daniel M. Cooper, Bradford; Sheriff Robinson, Smethport, and W. H. Bunce, Kane. While rumors of other announcements for this office are rife, all agree that the list to date is an excellent one to choose from.

F. sheriff, "Art" Henry of Eldred is doubt will find a foeman well worthy of his steel in the person of J. A. Allison, county detective, that is in the event Mr. Allison concludes to run. Like Mr. Allison, Mr. Henry is well known throughout the county, and if the contest is between these two gentlemen only, which rumor says is not unlikely, it will prove interesting, to say the least.

GARDEN-FLOWER SEEDS COME TO MINER OFFICE FOR FREE DISTRIBUTION.

If you are in need of garden and flower seeds, come to The Miner office and your wants will be supplied, free of charge. Everybody welcome, while they last. A goodly quantity of government seeds were shipped to The Miner by the U. S. department of agriculture by direction of Congressman E. J. Jones, and the list includes beets, lettuce, onion, radish and tomato, and packets of candytuft, dianthus, calliopsis, mignonette and zinnia flowers more beautiful than these names, let us hope. These seeds, however, will be given to adults only. Don't send your children. It doesn't matter whether you are a patron of The Miner or not; the seeds are yours for the asking.

DIES IN HOSPITAL.

Thomas Butler, aged about 62, of Mt. Jewett, well known insurance man and garage owner, died at the Bradford hospital, Wednesday morning, following a major operation. Mr. Butler was well known throughout all of McKean and the north tier counties.

Citizens Evolve Plan To Boost Patronage Elelect Light Plant!

Borough Aid to Residents Unable to Meet Installation Costs is Proposed; Town to be Repaid on Installment Plan; Half Hundred New Patrons to Swell Revenue.

Progresive citizens of Smethport whose interest in the new municipal electric light and power plant is such that they are determined to make it successful in every way, are preparing to go before council with a plan whereby every citizen may be given the opportunity to enjoy the privileges of electricity even though they are financially unable to meet the expense incidental to installation.

Realizing that there are one-half hundred or more residents of the borough who would willingly become patrons of the electric department but are without ready means to meet the cost of installation, these citizens will propose that the borough assume all costs of wiring, payment to be made immediately following completion of each contract, the borough to be reimbursed by means of collecting installation costs on the installment plan from month to month and at the time bills for electricity are due. The plan contemplates that money so devoted by the borough shall be considered as a loan, bearing a nominal rate of interest, plus a sufficient amount to cover the cost of clerical aid, collection, additional bookkeeping, etc. It also is provided that in the event the borough is without sufficient funds to meet the requirements suggested that resort be made to the banks; in her words, that the borough borrow a sufficient sum to meet the requirements of prospective patrons financially unable to bear the expense of installation.

This method, it is argued, will work no hardship on the borough or on those whom the plan is designed to benefit, as the interest charged by the banks will be borne by those to whom the borough has extended the aid desired.

Adoption of the plan, it is said, not only will encourage every worth-while householders to become a permanent patron of the municipal plant, but the revenue resulting therefrom will so swell the electric department's exchequer as to insure the plant's stability whatever emergency may arise.

It also is proposed—and this proposal is designed to protect all prospective customers—that no contract for wiring be permitted until it meets with the approval of the electric superintendent. This given, the borough treasurer will be authorized to pay cash for every job immediately following completion.

The plan evolved is of such a nature that no citizen need fear to avail himself of its advantages. Application to the electric superintendent, the borough clerk or whatever official is selected for that purpose, is all that will be required. The only stipulation is that the applicant must be responsible. All such applications will be welcomed for the reason that they will add to the revenue of the electric department.

MRS. FORREST ENTERTAINS McKEAN CHAPTER D. A. R.

The March meeting of McKean chapter Daughters of the American Revolution was held at the home of Mrs. Mary H. Forrest on Monday afternoon with fourteen members present. Each member responded to the roll call by giving a sketch of some famous American woman of early times. Mrs. Fantine Burdick of Kane read Dr. Frank Crane's "Prohibition and Society." A social hour followed and refreshments were served by the hostess.

WELCOME NEW REFINERY.

Local oil men welcome the new refinery at Farmers Valley. According to their viewpoint the new refinery will facilitate the delivery of oil produced in this section and because of this fact make for better prices. Although comparatively few persons know anything concerning the men behind the Farmers Valley project, local oil men assert it is one of the best capitalized concerns of its kind in the country, and that the real backers are among the most influential oil men of Bradford, Warren and other cities.

Mrs. B. T. Garlick, two sons and two daughters are confined to their homes by illness.

HEARS SONG VIA RADIO WITHIN TWENTY MINUTES AFTER SHE CALLED FOR IT

Monday night when Miss Lucille Marshall was "listening in" with her radio outfit and enjoying many of the good things broadcasted that night, Birmingham, Alabama, broke in with a concert program rendered by as fine a lot of singers that ever was collected together. During an intermission in the program, a speaker announced that any song requested by any listener would be sung by the Birmingham vocalists, and advised the listeners-in to get busy. Promptly accepting the invitation, Miss Marshall phoned the Western Union telegraph manager at Jamestown, N. Y., to forward a telegram to the Birmingham singers in her name, with the request that the song, "Sweet Adeline," be rendered. In doing this, however, Miss Marshall felt that she was taking a long chance and for the reason that many others might be animated in the same way.

But upon resuming her occupation of listening-in, she was surprised to hear an announcement from the Birmingham manager that he had just received a telegram from Miss Lucille Marshall of Smethport, Pa., requesting the rendition of "Sweet Adelaide," whereupon the familiar air was rendered in tuneless manner. Consulting her timepiece, Miss Marshall discovered that the announcement of her request was made just twenty minutes after she had phoned the Western Union manager at Jamestown. Naturally the quickness of the transaction both surprised and delighted her.

BREAKS BOTH WRISTS.

Mrs. Harriet Mulvihill, of Bradford, formerly of Smethport, was the victim of a very painful accident Tuesday evening, which, descending the stairs in the Cattney home in Bradford, she fell and suffered the fracture of both wrists. The injured woman was taken to the Bradford hospital, where she is reported to be resting as comfortably as could be expected.

A bill calling for a tax of two per cent. on the value at the well, on all gas and crude oil produced in Pennsylvania, has been prepared for presentation to the legislature. There are two bills, one relating to oil, the other to gas. Their provisions are similar.

Mrs. I. K. Hogarth was the guest of her daughter, Mrs. Leonard Doyle of New York city last week.

50 GOOD CIGARETTES 10¢
GENUINE "BULL" DURHAM TOBACCO

COLEGROVE

Lawrence Herzog was a Farmers Valley visitor Thursday.

A. G. McAllister was a Smethport visitor Wednesday.

The "Sports" played Smethport Nameless Five" at Crosby Tuesday February 27. The Sports won with a score of 38 to 16.

Donald Benson was in Smethport visitor Friday night.

Lawrence Scanlan, Jr., of Buffalo spent a few days with Mr. and Mrs. L. E. Scanlan and family.

Col. F. H. Wilson was a Smethport visitor Saturday.

Louis Anderson was a Smethport visitor Sunday.

Mrs. Gus Anderson spent the week-end in Olean, N. Y.

C. M. Benson was a Bradford visitor Sunday.

CROSBY

Mrs. D. Haron of Burbanks called on Mrs. Jack Dillon Friday.

Miss Pauline Hanwarning, who is employed at Olean, spent the week-end with her parents.

Mr. Thomas Jarrett, who is employed as blower in the glass works at Port Allegany, spent Sunday with his wife in this place.

Miss Grace Winslow and niece, Clara Mary, were suppers in Smethport Saturday.

Mr. and Mrs. John Greely were business visitors in town, Saturday.

Mrs. Andy Bond of White Hollow called on Mrs. Will Matteson, Wednesday.

Mrs. George Smith, who has been ill with the gripp, is able to be about again.

Mrs. Jack Dillon and Mrs. Frank Bloomster were Colegrove shoppers, Wednesday afternoon.

Rev. Bailey of Betula called on Mr. and Harry Timmerman Thursday afternoon.

Mr. George Winslow and Miss Sara Hilyer motored to Smethport, Saturday evening.

MARVIN CREEK

Mr. and Mrs. Albin Johnson were Smethport visitors, Wednesday.

Merle Nealey as a business visitor in Smethport, recently.

Martin Anderson attended court proceedings last week.

Mr. and Mrs. E. B. McKean spent the week-end in Bradford with relatives.

Willard Fields was in Smethport, recently.

Leon Hoffner attended the game in Hazelhurst, Saturday night.

Claude Slade received a severe break in his right arm while at work last week. Karlton McKean has taken his place at Rew City.

Alphus Fox was in Hazelhurst, recently.

Mrs. Will Fields attended court in Smethport, last week.

Prof Haffner was a business visitor in Smethport, Saturday.

Claude Slade, Jr., has been confined to his home with illness the past week.

Bob McKean was a Smethport visitor Saturday.

George Marks spent the week-end in Coleville as a guest of relatives.

LeRoy Burlingame attended court in Smethport the past week.

Byron Perry called on friends in Smethport, recently.

Mr. and Mrs. Anderson have been guests of the former's brother, Lea Anderson. Earl gives a very favorable report of Texas climate.

Miss Elma Fields spent the week end at her home here.

Merle Nealy called on friends in town, Saturday.

Mrs. Mary Irons has been very ill for the past few weeks.

Wm. Marks was a business visitor in Smethport, Wednesday.

Miss Bertha Randall of Buffalo, spent a few days with her father here.

Mr. and Mrs. Albin Johnsen and daughter Lillian, spent a few days with the latter's brother in Coryville.

VICINITY NEWS

Mary and Bertha Kleisath spent the week-end at their home.

Warren Gallup is on the sick list.

B. L. Hyde has sold his farm to Mr and Mrs. Raymond of Cuyler, N. Y. Mrs. Raymond was formerly Nelle Stickles of this place.

Almond Thomas was a Sunday guest of his sister, Mrs Tody Anderson.

O. D. Nourse was a business visitor in Bradford, Friday.

Mrs Theo Cooper and children of Farmers Valley were guests of Mrs. Wm. Owens, last week.

Audrey and Elton Hyde were visiting in Coryville, Friday.

Mr. Owens is working in Clermont, this week.

Gladys Nourse was calling on friends in Coryville, Sunday.

Thelma and Leona Dunn of Coryville were visiting at B. L. Hyde's, last week.

Mr and Mrs. Guy Burdick of Betula, were week-end guests at J. V. Gallup's.

Edna Olson of Bradford spent Sunday at her home.

Helen Haven of Lewis Run spent the week-end at her home.

Mrs. W. I. Oviatt, Clara and Clinton, left Tuesday for Oklahoma.

Ruth Walker, who has been in Buffalo for the past year, returned home, Monday.

Mr. and Mrs. Libby Costango of Lewis Run are visiting relatives here.

LARABEE

Rev. W. E. Van Dyke of Smethport was pleasant caller in town, Tuesday and Wednesday.

Mr. Charles Taylor of Smethport was a pleasant visitor in town, last Tuesday.

Miss Katarine Dailey of Sartwell is spending the week with friends in Olean.

Mrs. R. D. Raszman was a Port Allegany visitor, Thursday, having dental work done.

Rev. Fr. M. E. Dailey of Sartwell helped with the Forty Hours' Devotion in Emporium, the first of the week.

Mrs. Vird Dennis attended the dance in the new hall at Indian Creek, Friday evening.

Miss Mary McAuliffe is spending the week end visiting friends in Olean and Bradford.

Miss Ella Conners of Sartwell received word, Saturday morning of the death of her sister, Mrs. Hannah Page of Olean.

Mr. and Mrs. L. J. Coleman were visiting relatives in Duffytown, on Friday.

Mrs. George McKelvey has purchased a new Chrevolet coupe.

J. T. Haynes motored to Duke Center, Monday evening.

Mrs. Lottie Cameron of Canfield Hollow was a guest of Mrs. Vird Dennis, Sunday.

John Masterson was in Port Allegany on business, Saturday.

Miss Gertrude Appleby of Newell Creek was a week end guest of Miss Lois Pendleton.

Mr. Gerard McKelvey of Liberty was a week end guest of his father, Mr. George McKelvey.

Mr. and Mrs. Eugene Haynes and daughters, Misses Ruby and Marie Haynes, of Sartwell, were visiting relatives in town, Sunday.

Mr. and Mrs. J. E. Brooder and daughter, Miss Ella Brooder, were guests of Mr. and Mrs. F M. Wright of Eldred, Saturday.

John Splain was an Eldred visitor, Monday.

Mrs. Lottie Cameron spent last week visiting friends in Port Allegany.

Daniel Raszmann is working at the Crosby P. R. R. station this week as relief agent.

Mr. Nussey of Port Allegany was a business visitor in town, Friday.

James Oliver was in Olean on business, Friday.

Mrs. A. E. Rice of Olean and Mrs. John Ellis of Duke Center were guests of Mr. and Mrs. J. T. Haynes Wednesday.

Mrs. Kate Freeman of Indian Creek was a guest of her mother, Mrs. Lena Raszmann, Thursday.

Misses Thelma Sartore, Nora and Norma Butler of Coryville, were calling on Mrs. R. D. Raszmann, on Monday.

Mrs M. Childs and daughter, Miss Lillian Childs, were Eldred visitors, Monday.

A farewell party was tendered Mr. and Mrs Charles Canfield, Friday evening. About 500 neighbors and friends were present and a very pleasant time was enjoyed by all. Mr. and Mrs. Canfield expect to move to Farmers Valley soon, where they have purchased a farm.

FARMERS VALLEY

Miss Harriet Tuttle, who is in the Farmers Valley school, is recovering from a bad cold.

Mrs. James Reed has a new Milch cow.

Mr. Thomas Soule, Jr., has purchased a new team of horses, of which he is very proud.

Mrs. Fred Dugel is recovering from the flu.

Mrs. C. C. Carpenter was calling on Mrs. C. W. Roundsville, Saturday evening.

Mrs. Arthur Pang is on the sick list.

Mrs. Homer Marsh has returned home from Buffalo where she accompanied her sister to the hospital.

Mrs. L. D. Scowden has returned home from Cyclone where she has been taking care of the sick.

Mrs. William Rickey of East Smethport was visiting Mrs. C. W. Roundsville Friday afternoon.

Mr. Wm. Dr oder is on the sick list.

Mrs. Merle Burdick was seen on our street Saturday afternoon.

Mrs. C. C. Carpenter has captured four blue foxes so far this winter.

Robert Roundsville was calling on Thomas Soule, Jr., Monday evening.

Mrs. Skinner of Cyclone is visiting her mother, Mrs. L. D. Scowden.

Mrs. Mecklenburg is slowly recovering from her serious illness.

Mr. E. R. Baker was seen up our way Monday afternoon.

Mr. Arthur Pang was calling on Mr. and Mrs. Fred Dugel.

Mrs. James Reed is suffering from tonsilitis.

Mrs. C. W. Roundsville and daughter attended church at East Smethport Sunday evening.

Evangelistic meetings are to be be held in the U. B. church of E. Smethport. Beginning March 18th, 1923, and ending Easter Sunday. Everybody is invited. So all come.

Mrs. Wesley Roundsville of Farmers Valley hasn't been able to be out very much this winter owing to a very extreme operation a few months ago. We know she would appreciate very much to see some of her old friends and neighbors drop in to relieve her lonely hours.

We heard somebody say "robins" dear little things will freeze now if they come.

Mr. George Smith of the Star Garage is digging in with the rest of the men helping to get the new machinery started.

FARMERS VALLEY

The people of this section are rejoicing over the event of spring like weather. The warm days melted the snow with great rapidity, and caused the roads to overflow in many places, as the sluices were unable to care for the water, yet no damage has been done and now the danger is past though Potato Creek is still over its banks.

The epidemic of colds, gripp and flu is subsiding, for which all are grateful.

Saturday afternoon was a big time at the parsonage when nearly 20 members of the Sunday school gathered for a party. Games and contests of various kinds were enjoyed by the children, after which popcorn and candy were served by Mrs. Pang and Mrs. Rockefeller. As the month of March is designated as church-wide preEaster Sunday school rally, the pupils of the school were urged to attend every Sunday, also to bring new members. A contest is on in the junior department which will close Easter Sunday. All are urged to attend and boost the good work.

The desire which draws us to deserve praise strengthens our good qualities, and praise given to wit, valor and beauty, tends to increase them.

NOTICE.

Animal Sees Itself in Mirror.

A mirror is one of the toys which monkeys delight to play with. All animals can see a reflection in a glass, if it is held in the right position, that is, at an angle at which their eyes can focus upon it. Even then, however, it may not recognize the image. The reflection has, it is true, form, but it lacks other characteristics, such as smell, and many beasts will turn away bored from what looks like an animal, but obviously isn't. On the other hand, another animal will recognize the image as one of its kind, and will exhibit every symptom of curiosity, fear, or hate. But in no case does the animal appear to recognize the reflection as that of itself.

NEIGHBORHOOD NEWS

PORT ALLEGANY—A terrible accident occurred Thursday morning when Leo Lamphere slipped and fell from a freight train and was so horribly mangled that he died in a short time afterward. The accident occurred at Liberty, near the Potter county border. He was conscious when picked up and brought here, but died ere aid could be rendered. Lamphere came here last November from Little Genesee, his home. He was 20 years of age and married. He is survived by his wife, parents and two sisters.

BRADFORD—John Mark Warner, 72, was found dead in bed Saturday morning. Acute indigestion is ascribed as the cause. Mr. Warner was an employee of the Taylor Roofing company and well and favorably known. His wife, two sons and one brother survive.

BRADFORD—George Lewis Colt, 70, one of Bradford's best known oil men, was killed instantly Friday morning when struck by a B. R. & P. engine at the Mill street crossing. Mr. Colt was in his car on his way to Sawyer City when the fatality occurred. The wheels of the engine passing over his chest, crushing it, while his right arm was broken and mangled. His death is believed to have been due to the fact that he jumped from the car. Four other occupants of he machine escaped uninjured. Had he stayed in the car he would have escaped.

PORT ALLEGANY—Rev. Wm. H. Meyer, pastor of the Presbyterian church, passed away Friday evening, February 23, after an illness of six weeks. He was a native of Rochester, N. Y. His wife and two little ones, one 22 months, the other 2 months, survive. Funeral services were held from the church of which he was pastor, Friday, February 25, and in Rochester, Tuesday, February 27. Interment was made in Rochester.

MARIENVILLE—The chestnut crop in this and adjoining counties is doomed. The tree borer has got busy in his work and the big crop of wild chestnuts which have been harvested every fall is done for. Specialists say we may have a few this fall, but it will be the last.

HARRISBURG—Tax collectors in every district of the state report much difficulty in collecting from women who are not property owners. Under the act of 1834, the arrest of women and feeble minded persons for non-payment is prohibited. A bill has just been introduced in the general assembly which places women on the same basis as men, and if the bill becomes a law women who refuse to pay may be arrested and committed to jail the same as men.

JOHNSONBURG—A flock of wild geese, numbering about 50, flew over Johnsonburg, Friday afternoon. They were flying low and headed north. This is about two weeks earlier than customary, and according to tradition, means an early spring.

PORT ALLEGANY—The death of Wm. R. Wood occurred at the Kane hospital early last Sunday morning after a brief illness of uraemic poisoning. He was 54 years of age and spent the most of his life in West Eldred where he was born. The funeral was held from his late home last Wednesday afternoon and burial was made in Oak Hill cemetery. The widow, four children and several brothers and sisters survive.

ELDRED—Ed. Wahlman was at Smethport on Tuesday and bought in the property of George Burnman which was sold at sheriff's sale for $1,550. This includes the site of the livery barn on Depot street on which the Pennsylvania railroad is said to have its eye as a site for a new depot on the town side of the tracks.

ELDRED—The death of Mrs. Fred Threehouse a former resident of Eldred, occurred at Hornell, N. Y., Tuesday, a stroke following the flu being the cause. Her husband, one son, one daughter, one brother, a sister and her mother survive.

PORT ALLEGANY—The death of Charles L. Thomas, one of Liberty township's best known citizens, took place Saturday night from a complication of diseases. He was 66 years old and lived here all his life. Funeral Wednesday afternoon; interment in Grimes cemetery.

FAMOUS "SKY PILOT OF ALLEGHENIES" TAKEN TO THE COUNTY HOME.

Continued to the hospital evidently became prisoner to W. S. Brewer, "Sky Pilot of the Alleghenies" who has been in the Kane hospital for the past two weeks on account of a broken arm which he sustained in a fall on icy walk on the west side, as he eluded the attendants there at an early hour this morning and calmly walked away from the institution. His absence was quickly noted and Policeman Carl Swanson took up the trail and found the injured man in the vicinity of the Kane factory of the Interstate Glass company. Mr. Brewer accompanied the policeman back to the hospital. The aged "sky pilot" used to live in the out-of-doors, worries greatly at his confinement and is believed unbalanced.

This morning the aged preacher, who has labored many years for the spiritual uplift of his fellowmen, who has plodded over mountain trails in snow, rain and summer heat to carry the message of the gospel to the lumber jacks; who has followed the teachings of the Savieur with simple steadfastness, was taken to the county home at Smethport, probably to end the last months of a useful life.

It is obvious that the Kane hospital is not an institution and therefore not the place for a man who has the wanderlust in his blood, and it is also true that the aged man will receive good care at the County Home but it is fitting that after such a career a man should end his days there?

The Republican leaves the question up to the "sky pilot's" many friends throughout this part of the state.—Kane Republican.

FIDELITY GRANGE ITEMS

The regular meeing of Fidelity Grange was held at Smethport, Saturday evening, with all officers present except four.

Four resolutions were brought in by the resolutions committee and were acted upon favorably.

There was some talk about life insurance, which will be explained fully at the next meeting.

The literary program consisted of a splendid reading by Mr. H. J. Rice and also a reading by Mr. Barnum. The Lecturer asked each one to come prepared with something good for next meeting.

It was suggested that a publicity agent be appointed for each meeting. Watch for reports of meetings. At the next meeting a maple sugar supper will be served. All members are urged to come and have a good time.

NOTICE OF HEARING.

NOTICE IS HEREBY GIVEN that application has been made to the Public Service Commission of the Commonwealth of Pennsylvania in under the provisions of the Public Service Law by NORWICH TOWNSHIP ELECTRIC COMPANY, for a Certificate of Public Convenience evidencing the Commission's requisite approval of its incorporation and creation and beginning of the exercise of the rights, powers and privileges granted thereby.

A public hearing upon this application will be held in the Rooms of the Commission, 112 Market Street, Harrisburg, Pa. on Thursday the twenty-ninth day of March, 1923, at 9:30 o'clock, a. m. when and where all persons in interest may appear and be heard, if they so desire.

EXECUTOR'S NOTICE.

Estate of Fred E. Cleveland, late of Coryville, County of McKean, and State of Pennsylvania.

Letters testamentary in the above estate having been granted on the 20th day of February, by the Register of Wills of said county of McKean, to E. A. Guenter, of Coryville McKean county, Pa. Request is hereby made to all persons having claims or demands against the estate of the said decedent to immediately make known the same, and all persons indebted to the estate of the said decedent to make payment thereof to the said Executor, without delay.

E. A. GUENTER,
Executor.
Smethport, Pa., February 26, 1923.

NEWS BOILED DOWN.

With 100 miles of ice in the Allegheny river, the water is fairly choked with ice almost to the headwaters. In some places the ice is of considerable thickness and there is a feeling of misgiving at downriver points as to the likelihood of a flood when the great mass of ice begins to move out. Old-timers say that the floods along the Allegheny come as a rule in March and there is a disposition to anticipate some ruling of the kind this month.

NOTICE OF HEARING.

HALLSTROM BROS. MAKE NIFTY PRIZE AWARDS FOLLOWING BIG SALE.

Following one of the most successful special sales in their history, the well known firm of Hallstrom Brothers made announcement Tuesday of the prize winners, who, because of purchases of one dollar or more made between the days of February 24 and March 2, were recognized as sharers in the distribution.

The first prize, a set of China dishes, valued at $10, was awarded to Andrew Van Dyke, son of Rev. and Mrs. W. E. VanDyke.

Second prize, a valuable percolator, to B. R. Monroe of Farmers Valley.

Third prize, a fine jack-plane, to A. P. ("Pete") Olson of Smethport.

Fourth prize, a modern thermos bottle, to Edward Bouton, Smethport.

Fifth prize, a substantial pair of tinsnips, to a Mr. Saunders of Marvin Creek.

Hundreds of people from near and far were drawn to the store during the sale, proving again the power and efficacy of printer's ink.

EASTER SEASON FINDS E. SMETHPORT CHURCH HUMMING WITH ACTIVITY.

The church of East Smethport is humming with activity these days, and there is an air of expectancy which keeps interest at its height.

The girls' class of the Sunday school has cause for rejoicing over the success of the supper served by the class members Friday evening, and they certainly are worthy of commendation for the splendid spread and efficient service rendered.

Sunday evening, at the regular service, Rev. A. L. Pang spoke on the interests of Christian education, taking his text from Hosea, 4-6.

Monday evening was the Christian Endeavor business and social meeting in the church parlors.

Tuesday evening, at the home of M. S. Parker, was held the first of the special meetings in preparation for pre-Easter services.

Next Sunday all of the regular services. Interest in the class meeting at 10:30 is increasing and will prove more helpful as more attend.

Regular prayer meeting Thursday evening.

Have you your place reserved for the Father and Son banquet for Monday, March 12? If not, see Mr. L. W. Burdick at once.

Remember the Laymen's evangelical campaign beginning March 18 and running through till Easter. Everybody come.

BRADFORD PREPARING FOR AUTO SHOW.

By Saturday of this week large bundles of tents will arrive in Bradford and a crew of workmen will start putting these up on Chambers street, in the heart of that city. This sounds as if a circus were coming to our neighboring city at this unusual time of year, but no, it is just the progressive Automobile Dealers' Association of Bradford getting ready for that big Auto Show which will be staged there March 14th, 15th, 16th and 17th. According to present plans the show will open on Wednesday, March 14, at 8 p. m. when Mayor Decolia will press the button which will turn on thousands of candle-power of electric lights and the automobile folks will be treated to one of the most unique spectacles ever seen in Northwestern Pennsylvania.

It is promised that the tents will be well decorated and on Thursday, Friday and Saturday the Ladies' Aid Societies of the First Methodist church will serve light refreshments and lunches for those in attendance at the show, in the basement of the First Methodist church, which adjoins Chambers street, and the tents will be directly connected with the dining rooms of the church.

After the Wednesday opening night the show will be open daily from 1 p. m. to 11 p. m. This unique exposition is bound to attract the largest attendance ever accorded such an exhibition in this part of the country. The charges for admission are merely nominal.

The regular meeting of the Conopus club will be held Monday at the noon hour at Munn's restaurant.

By ignorance we make mistakes, and by mistakes we learn.

PROGRAM OF W. C. T. U. PROVES INTERESTING.

The Woman's Christian Temperance Union met with Mrs. William Hafner on Thursday afternoon, March 1. The meeting was opened with devotionals by the president and followed by a short business meeting. On answering to roll call the members reported flowers, fruit, jelly, clothing, etc. that had been given, also the number of calls made since last meeting. An excellent report was given. March 1st being Union Signal day and also the birthday of Lillian M. N. Stevens, the founder of the legislative department of this organization, the occasion was properly observed by the reading of a few excellent articles by members of the Union. Following are the subjects of these articles: "Facts in the Matter," which tells us that nearly fifty years ago foundations were laid for our present 18th. amendment to the constitution and that it was not "put over on us while the boys were across," as is commonly supposed; "A Little Talk on the Union Signal," tells what is the use of the Union Signal, the National paper for this organization. "Who Am I" and "Equipped for a Voyage" were both excellent and enlightened those present on what is taking place in our own country and others. After the program, refreshments were served by the hostess. The next meeting will be held at the home of Mrs. Samuel Green, Tuesday, March 13, at 2:30 p. m.

FORMER LOCAL CITIZEN DIES AT LANCASTER, O.

Stanley Townsend, of Lancaster, Ohio, a former resident of Smethport, passed away suddenly, Wednesday, February 28th, from heart trouble, at his home in that city. Mr. Townsend had been at work as usual the day previous and his death came as a great shock to his family and friends.

Mr. Townsend lived in Smethport about 25 years ago and was cashier in the Hamlin bank. Later he engaged in the oil business and moved to Lancaster, when oil and gas were discovered in that locality. He was a man of genial personality and will be missed greatly. His widow, Mrs. Carrie Townsend (nee Hamlin), and daughter, Mrs. T. B. Cox, of Lancaster, survive. The funeral was held in Lancaster, Sunday.

CHURCH NOTES.

Rev. T. LeRoy Mull of Roxbury, N. Y., will begin revival services in the Baptist church March 11, and will continue them for two weeks. He comes to us well recommended from many churches where he has held revival meetings. He is now in Dayton, Ohio, where he has followed Billy Sunday, the great evangelist, who has been in Dayton for seven weeks. In the first week of his meetings he had over 100 come out for Christ. We hope that the churches of Smethport will come out and stand by the Evangelist, and that saint and sinner will come and hear him. All are invited. There will be a special meeting on Saturday evening at 7:30 in the church. Services Sunday 10:30 a. m., 7:30 p. m. Bible School 12 o'clock. All are welcome.

JUDGE JOSEPH BOUTON ADDRESSES ROTARIANS

An adress on juvenile delinquency by Judge Joseph W. Bouton of the McKean county courts, featured Monday's regular noon-day luncheon meeting of the Bradford Rotary club. Judge Bouton related some of his experiences with juvenile delinquents in this county and the results of his observations of the state and country.

Judge Bouton in the course of his address maintained his well known reputation as a speaker, before that which proved to be one of the largest gatherings of Rotarians for some time.—Bradford Era.

He who can at all times sacrifice pleasure to duty, approaches sublimity.

Robert O'Connor of Buffalo spent the week-end here, with relatives.

Mrs. Gordon Studholme of Port Allegany was in town Saturday.

GLASS PLANT EMPLOYE IS THE VICTIM OF TWO PECULIAR ACCIDENTS.

Glen Lenox, an employe of the Interstate Glass company, was the victim of two painful accidents the past week, which necessitated removal of the nails of his two great toes. Monday while engaged in his duties at the plant, Mr. Lenox suffered an injury to his right great toe in a peculiar manner, which, although painful, did not interfere with his work, and on Tuesday he met with a similar mishap, this time, however, to his left great toe. Examination revealed that both great toes were injured so badly that removal of the nails was necessary. Doctor Chadwick, who performed the operation, states that Mr. Lenox is resting comfortably and will be able to resume his duties at an early date.

POULTRY EXPERT HERE.

H. D. Monroe, poultry expert of State College, who has been looking over McKean county poultry the past week, left for Kanesholm with P. S. Grossman of the Farm Bureau last night, where Mr. Monroe delivered an address on Hatching and Raising of Chicks.

During a visit to Bradford, Tuesday, Mr. Monroe inspected a flock of 1100 hens and the question of management was threshed out. During the talk Mr. Monroe advised poultry raisers of the advantages of feeding pure buttermilk to poultry and imparted the information that buttermilk could be procured from many creameries at the low price of two cents a gallon. Buttermilk is fed to insure a proper amount of protein and when so employed is used as a substitute for water.

CARD OF THANKS

We wish to express our thanks to our many friends for the kindness and sympathy shown us in our recent bereavement.

IN MEMORIAM.

Helen Gardner Morrison.

Whereas, it has pleased our heavenly Father, in His infinite wisdom, to remove from our midst our beloved sister, Helen Gardner Morrison, therefore be it

Resolved, that we, the members of McKean Chapter, Daughters of the American Revolution, extend our sincerest sympathy to the bereaved family, and especially to her daughter, our sister, Mrs. Mary E. Bell, and be it further

Resolved, that we express our appreciation of the fact that she organized our Chapter and served us as Regent for many years; be it further

Resolved, that we express our appreciation of her unfailing patriotism and devotion to duty, and we feel that her example is well worthy of emulation.

Resolved, that a copy of these resolutions be presented to her family and be placed on the records of our Chapter.

Mrs. Eugenia Hamlin,
Mrs. Clara E. McCoy,
Mrs. Mary H. Forrest.

SNOW AND SLEET STORM PLAYS HAVOC WITH TELEPHONE SERVICE

An idea of the great amount of damage done by the storm. As far as the eye can see are prostrate poles—literally snapped off at the base because of the heavy burden of ice coated wires.

A recent snow and sleet storm in the northwestern part of Pennsylvania so severely affected rural telephone service that almost every farmer's line out of the city of Erie was temporarily rendered useless. Close to three hundred suburban line poles were blown down or broken off.

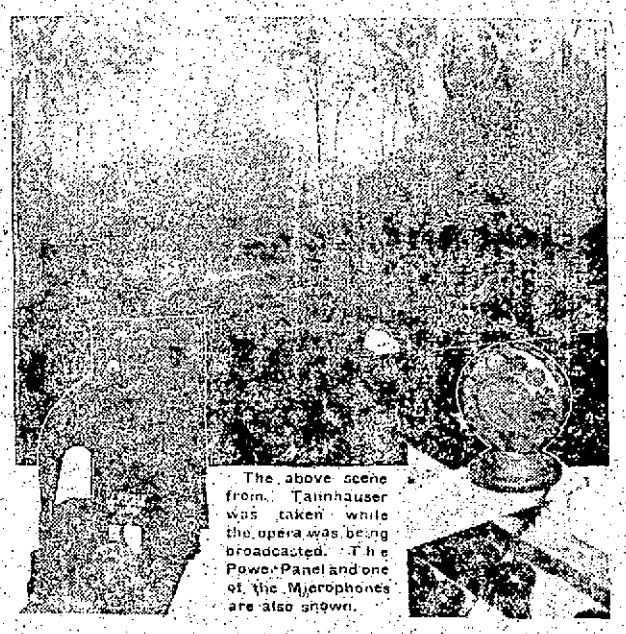
In addition to the damage done to rural lines, practically all service between Erie and nearby points was cut off for a time.

The restoration of telephone service was quickly effected, although it required the united efforts of seven construction gangs of telephone repairmen to accomplish the work.

The tremendous weight caused by wires heavily coated with ice sometimes proves too great a burden for the poles and the result is a hurry call for repair crews.

Such a little thing as a twenty-four hour sleet storm often is the means of ruining telephone lines that required months of hard work to construct.

MICROPHONES PLACED IN THEATRE MEANS OF BROADCASTING OPERA



The above scene from Tannhauser was taken while the opera was being broadcasted. The Power Panel and one of the Microphones are also shown.

Radio fans throughout Pennsylvania are still talking of the remarkable success attending the broadcasting of three of the operas that were sung during the recent Wagnerian Opera Fest in the Metropolitan Opera House of Philadelphia. The three operas chosen for broadcasting were Lohengrin given on Tuesday evening February 6th; Tristan and Isolde on Thursday afternoon following and Tannhauser on Friday evening, February 9th.

It was due to the perfect coordination of Telephone Company and radio that the success of the event was made possible. Microphones which are the most important part of the telephone transmitting apparatus, were placed on the stage near the footlights and at other points while wires leading to the Bell Telephone Company of Pennsylvania. These microphones picked up the voices and transmitted them by direct circuits to Gimbel Brothers Broadcasting Station "WIP" in Philadelphia. Here the circuits terminated directly at the broadcasting apparatus, which is one of the latest and most powerful types of Western Electric Unotrans Radio Telephone Broadcasting equipment. Even the applause which followed the various numbers was picked up by the radio public.

Tonight was probably one of the most important and enjoyable telephone and radio tests ever attempted in Pennsylvania and the success of the undertaking stands side by side with the gratifying results obtained during the broadcasting of Governor Pinchot's inaugural speech when the same combination telephone and radio was used.

BELLS PROPHECY OF 1876 REMARKABLE FULFILLED 45 YEARS LATER

In 1876 Alexander Graham Bell in a speech said:

"Inventions increase the speed of the United States will sing the 'Star Spangled Banner' at unison by means of the telephone."

Nearly 50 years later:

It is ten minutes before noon in Washington, D. C., New York and nine other American cities the Marine Band starts playing the Anheuser-Busch hour and plays the "Star Spangled Banner." Soldiers stand at attention, civilians respectfully remove their hats, no sound is heard save the music. In San Francisco the same thing is heard, and then in both towns stand with bared heads.

Then the cities, together in the distance-defying, 3-minute across the nation and the plains from coast to coast, "Never My God to Thee."

When Professor Bell made that prophesy in 1876 the entire Bell System consisted of two crudely constructed instruments through which it was difficult to transmit an intelligible message

AMERICANS SPEND SIXTEEN HOURS A YEAR TELEPHONING

One way to measure the extent of the use of the telephone in several countries is to determine the average amount of time per year actually used by each inhabitant in telephone conversations. Statistics indicate that in the United States the average annual time consumed in telephone conversations is six-teen hours; in Germany—a hours; in Sweden, three hours; in Great Britain, two hours; in France, one hour, and in Italy considerably less than one hour.

ENGLAND AND HOLLAND NOW TELEPHONE UNDER CHANNEL

The recently opened submarine telephone cable between England and the Netherlands has made it possible to communicate directly between the principal cities of these two countries. At the present time there are two circuits working on which it is planned later to superimpose a third circuit by means of the well known telephone device—originated in the United States—whereby two physical telephone circuits can be made to produce a third "phantom" circuit.

WHISTLE IS BIRD'S DEFENSE

Homing Pigeons Protected by This Means From the Attacks of Their Natural Enemies.

"The reliability of the homing pigeon over radio, telephone, telegraph or any other known means of message transportation, for short distance has been demonstrated," said Roy Dellhaner, United States pigeon expert, in a lecture to members of the second battalion, Fourth field artillery, regarding the handling of homing pigeons at Fort Sam Houston, Texas, recently.

That organization, made up a kdyoot squadron, was supplied with birds, and part of the day's program was to send messages from the battalion head quarters at San Antonio.

Mr. Dellhaner has recently adopted a birdlow whistle that may be attached to the bird's tail as a protection against the attack of hawks while in the air. The whistle is very light and makes a shrill noise, thus frightening off any bird of prey that wanders too near the message bird.

In Panama it is said that such a whistle is a necessity on account of the prevalence of pigeon hawks. It is an invention of the Chinese. Mr. Dellhaner said that in China it is not an uncommon thing for the natives to release whole flocks of pigeons and other birds, each with a whistle tied to its tail. As the birds fly about a great number of whistles produce aerial music.

Five hundred dollars is not considered an exhibitant price to pay for a pair of well-trained homing pigeons.

TREES NOT DAMAGED BY WIRE

Belief Long Held Has Been Disproved by Experiments Made by University of Washington Expert.

In 1918 George B. Rigg of the University of Washington heard it stated that shade trees were being killed by driving one or two pieces of copper wire into each. He recently proceeded to put this to the test and summarizes his results in Science. Six young trees, he writes, from two to four inches in diameter were selected and on March 21, 1919, there were driven into each tree five pieces of thick copper wire 1.5 inches long. The end of each wire was left flush with the outer surface of bark. All wires were within six feet of the base of the tree. The trees comprised two hemlocks, two alders, one cedar, one willow.

On July 3, 1922, the trees were examined and found to be perfectly healthy. In all cases they had completely healed over the wires and their growth was equal to that of other similar trees in the immediate vicinity. On boring into the trees it was found that there was very little injury to the wood, largely a brown color showing for about 1.5 inches above and below the wire and about 0.25 inch to each side.

New Ship Roaster.

Part of the electrical cooking apparatus in a new British ship consists of a cylindrical drawer in which joints and fowls may be hung and subjected to a grilling heat applied to the meat from all sides at once.

This is a step forward of any previously devised roasting apparatus, although it borrows its principle from the olden days when a piece of meat was hung on a spit and turned slowly around before the coals. Never has there been devised a process of cooking meat which resulted in such delicousness of flavor as this form of roasting; but it was messy, smoky and very troublesome.

The coals had to be just right; there must be no wood or coal under combustion on the fire to taint the meat with smoke; there must be sufficient of the coals to maintain heat during the time required for cooking the meat. This was a complicated process, involving considerable skill and close attention.

FORTUNE BECKONS TO SAILOR

Always in the Minds of Whalers Is the Possibility of a Find of Precious Ambergris.

Ambergris is one of the most valuable products of the sea. The mariner who spies floating on the waves a grayish mass, fatty in appearance, will, if he knows what ambergris is, betray considerable excitement, for the substance fetches high price.

Capt. James Earle of New Bedford, Mass., is said to have been the biggest of all shippers in the old whaling days.

From a single cruise while he realized over $1,000,000, it was not the 90 barrels of oil which gave the bewhiskered ex-seadog extraordinary riches, for that was sold for something like $1,000, but within the whale's vast interior there was found a solid piece of ambergris weighing 780 pounds.

This was the biggest single piece of ambergris ever found, and that it came from one lone whale made the discovery most interesting to the scientific world.

This 780-pound piece of ambergris was sold in chunks in all quarters of the world for about $400 a pound, and it laid the foundation of wealth for almost every man interested in the whaling expedition.

No "Old Maids" in Russia.

A Russian girl of much over twenty who is unmarried (unless she is a nun) feels herself, and is thought to be, deeply disgraced. In Russia there are no old maids. Every woman in Russia marries or pretends to marry, be she princess or peasant. When a Russian girl realizes that no one is coming to woo her, she leaves home. The peasant girl goes on a pilgrimage, settles in some distant district as a widow, or returns home saying that she married while away, and that her husband died during the honeymoon.

The young lady goes upon her travels. In a year or two her friends hear that she has married abroad—an Englishman, an Italian, or an American. A year or two more and she returns to Russia, an inconsolable widow. And she is never asked embarrassing questions. For in Russia nothing is considered in worse form than to mention a dead man to his living widow.

PANCAKES PAST AND PRESENT

Comparison Made That Is by No Means Flattering to the Delicacy Today.

The pancake of our fathers was a noble circular structure, spreading its wrinkled surface to the edges of the plate where the platter had wisely provided services. The radius must have been all of three inches. Within the area, duly buttered and syruped, was austerity, poetry, such glory and splendor and delight and smacking savor that the hired man, facing the breakfast table, ceased altogether to grumble over a late call that got him out of bed before dawn. Appetites in those old days were magnificent incidents, the finest product of open air living and exercise in the pancake days. For all these grand proportions, no one could eat more than eight or ten pancakes at a sitting. The things were filling. They took up room like a good farm horse in its stall. At a quarter past the ate hour everyone at the table cried, "Enough," even the hired man. The pancake of our fathers was no fluffy affair, after the manner of our modern desserts, that made a man ask what he'd eaten after he'd eaten it. In a contest between neighbors in a Long Island village some time ago, a native consumed 73 pancakes, so called. The incident adds to the sorry evidence that this is a decadent age. It is proof that the pancake of the day is some miserable travesty of the honest, whole-souled pancake of blessed tradition.—Toledo Blade.

* * *

The duke of Abercorn, the new governor, opened the parliament of northern Ireland at Belfast in a ceremony similar to that with which the British parliament is opened.

DAIRY HINTS

Reasons for Dairy Silo.

A. C. Baer, head of the dairy department at Oklahoma A. and M. college, gives as reasons for a silo on a dairy farm:

1. More feed can be stored in a given space in form of silage than in form of fodder or hay.

2. A smaller loss of feed material when a crop is made into silage.

3. Corn silage is a better feed than corn fodder.

4. An acre of corn or kafir can be placed into a silo at less cost than the same area when husked and shredded.

5. Crops can be put in the silo during weather which could not be utilized for curing fodder or hay.

6. More stock can be kept on a given area of land when silage is the basis of a ration.

7. Less waste in feeding silage than fodder.

8. Silage is very palatable.

9. Silage, like other succulent feeds, has a beneficial effect upon the digestive organs.

10. Silage is the cheapest and best form in which a succulent feed can be provided in the winter.

11. Silage can be used for supplementary pasture more cheaply than can soiling crops, because it requires less labor and cattle like silage better.

12. Converting rough or field crops into silage clears the land and makes it ready for another crop.

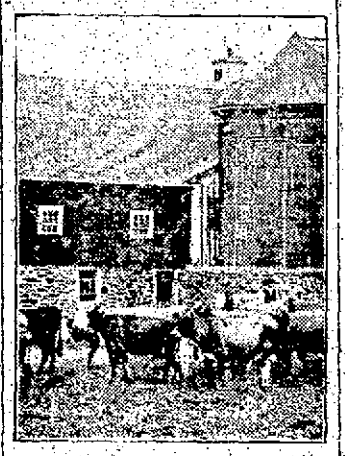
MISSOURI LEADS ALL STATES

Some Interesting Facts Reported From Various States on Tuberculosis Eradication.

Prepared by the United States Department of Agriculture.

Reports to the United States Department of Agriculture on tuberculosis eradication in the various states contain some interesting facts on the progress of the work. For example, it has been found that Missouri leads in testing on the cooperative plan, with a total of 18,067 herds, containing 197,970 cattle tested during the last fiscal year.

A federal veterinarian located in Iowa found more reactors during the year than any other cooperative veterinarian. He tested 7,747 cattle and found 1,068 diseased animals.



Few Dairymen Object to Having Their Herds Tested Nowadays.

The record for the largest number of cattle tested goes to an employee of the state of Missouri, who tested 14,512 cattle in 1,336 herds. Second on this list was a veterinarian hired by Shelby county, Iowa, who tested 722 herds, containing 1,120 animals.

A veterinarian of the bureau of animal industry in eight months and twenty days tested 11,928 cattle in 983 herds. This is a monthly average of 1,304 animals tested. The record is remarkable when it is known that the cost was only 18 cents a head. The cost per head for the animals tested by the entire force in Missouri was 28 cents. Area work has been done as low as 15 cents a head.

MORE PROFIT ON DAIRY FARM

It May Take Few Years to Bring About Desired Results, but It Will Pay Well.

More cows, more cream, more skimmed milk, and more manure would mean more profit in farming on some farms. It may take a few years to raise enough cows, or to get enough to make the farm richer and more profitable, but it will be worth while. Plans may be made and thus slowly but surely farmers may work toward this plan.

Sunshine as Germicide.

Sunshine is very necessary to the vigor of all young growing animals. It is an excellent germicide and for that reason serves to purify the surroundings and to keep the young calf healthy.

Raising Fall Calves.

The advantage of raising fall calves is that they are ready to put out to pasture and continue to grow and will not suffer from a setback, as do many spring stock.

"COLD IN THE HEAD"

is an acute attack of Nasal Catarrh. Those subject to frequent "colds" are generally in a "run down" condition.

HALL'S CATARRH MEDICINE is a Treatment consisting of an Ointment, to be used locally, and a Tonic, which acts Quickly through the Blood on the Mucous Surfaces, building up the System, and making you less liable to "colds."

Sold by druggists for over 40 Years.

Make the Most of Your Income

Good times, it is often said, are not an accident, but are man made. They are woman made, too. The housekeeper, like the wage and salary earner, is a worker in the prosperity factory. By intelligent buying and home industry a woman can raise the standard of living as much as the husband who brings home the income.

THE DOLLAR DAY SALE is the Bargain Event of the Month. It means more of the same goods for your dollars or the same amount and quality for less dollars--more money in the pocket or more comforts of living.
